

Advanced Aerodynamics and Propulsion

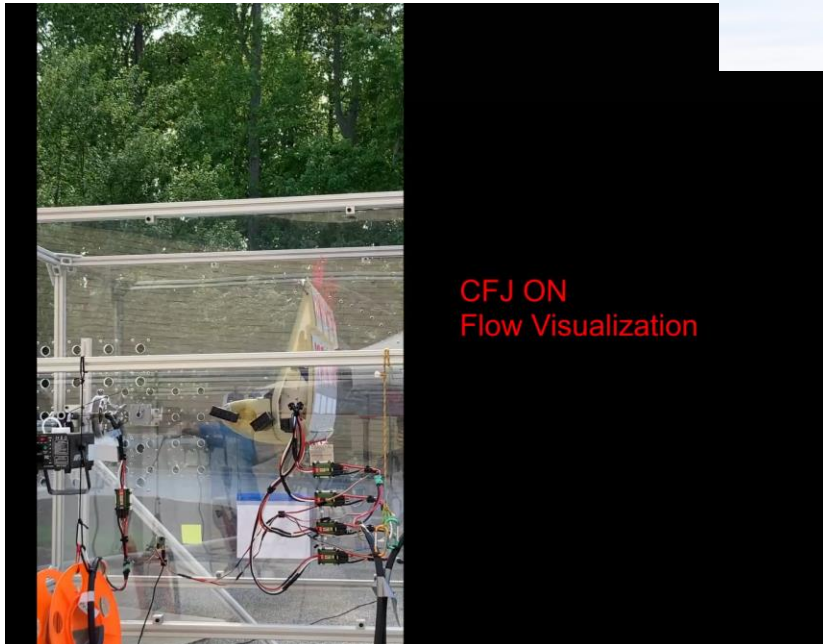

Salient features

- Hover by Deflected slipstream flap enabled by Coflow Jet
- No tiltrotors, no tiltwings
- Flap retracted at cruise

Benefits

- High efficiency (range increase 30%)
- Low noise, low weight, and low system complexity. High flight comfort
- Efficient anti-icing system
- Dual use of eV/STOL

CFD simulated VTOL
enabled by CFJ

2nd Gen eV/STOL
